F.No. 25-174/2010-NBA

Dated: 09-06-2018

To
The Principal
Nagarjuna College of Engineering and Technology,
Venkatagiri Kote Post. Devanahalli,
Bangalore- 562 164,
Karnataka

Subject: Accreditation status of programmes applied by Nagarjuna College of Engineering and Technology, Venkatagiri Kote Post. Devanahalli, Bangalore- 562 164, Karnataka.

Sir,

This has reference to your application I.D. No.2684-27/12/2017 seeking accreditation by National Board of Accreditation in Tier-II format to UG Engineering programs offered by **Nagarjuna College of Engineering and Technology, Venkatagiri Kote Post. Devanahalli, Bangalore- 562 164, Karnataka.**

2. An Expert Team conducted on-site evaluation of the programs from 4th to 6th May, 2018. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No	Name of the Program (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Information Science & Engineering	Tier-II June 2015 Document	Provisionally Accredited	Academic Years 2018-2019 to 2020-2021 i.e. upto 30-06-2021	Accreditation status granted is valid for the period indicated in Col.5 or till the programs has the approval of the competent authority, whichever is earlier
2.	Electronics & Communication Engineering		Provisionally Accredited		
3.	Civil Engineering		Provisionally Accredited		
4.	Mechanical Engineering		Provisionally Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted provisional accreditation. **Nagarjuna College of Engineering and Technology, Venkatagiri Kote Post. Devanahalli, Bangalore- 562 164, Karnataka** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible to be considered by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a revisit, as deemed appropriate by NBA Committees.

Contd/...

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Nagarjuna College of Engineering and Technology, Venkatagiri Kote Post, Devanahalli, Bangalore- 562 164, Karnataka** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is programs accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.
6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.
7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.
8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs are enclosed.
9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)
Member Secretary

BEST PRACTICE-1

1. Title of the Practice : “Virtual Lab Facility”

2. Goal:

- To provide remote-access to Labs in various disciplines of Science and Engineering. These Virtual Labs would cater to students at the undergraduate level, post graduate level as well as to research scholars.
- To enthuse students to conduct experiments by arousing their curiosity. This would help them in learning basic and advanced concepts through remote experimentation.
- To share costly equipment and resources, which are otherwise available to limited number of users due to constraints on time and geographical distance.

3.The Context:

- The virtual labs developed by faculties from the top technical institutions of the country, address the issue of lack of good laboratory facilities, as well as trained teachers, by making remote and simulation-based experimentation possible through the internet.
- Virtual labs facility for about 200+ laboratory courses and about 1500+ experiments across multiple disciplines are available.
- A virtual lab is one of the largest educational initiatives in the world and a step forward than the traditional learning method.
- Training through Virtual lab enable students to conduct innovative experiments round the clock.

4. The Practice:

Institution has been recognized as the Nodal Center for Virtual Lab facilities sponsored by MHRD, GOI and supported by all IITs and IISc. This facility is being used by staff and students.

5. Problems Encountered and Resources Required:

- Teachers are to be trained in conducting experiments using virtual lab facility.
- Computer and internet facility is required.

BEST PRACTICE-2

1. Title of the Practice: “Student Counselling System”

2. Goal

The objectives of the practice are:

- To improve of teacher-student and Institute-Parent relationship.
- To carry out effective Counselling of students to solve their problems and build confidence in them.
- To guide students to choose right career path for job, higher studies, Entrepreneurship etc.
- To improve teaching learning process.

3. The Context:

Over a period of last one decade, the institution has noticed several students being detained/ failing in subjects, for want of academic requirements to achieve vertical progression. Further, many students have become drop outs due to lack of awareness about regulations of the programme, lack of interest in the course, personal problems, social and economical problems. Such issues necessitated the college to implement the counseling system.

- The student needs mentoring support to achieve academic excellence.
- The scheme aims at addressing conflicts in attitudes, habits and knowledge of the students towards learning practices.
- Several supporting practices are needed to achieve better coordination of lectures, tutorials and practical classes.

4. The Practice:

- Institute has an effective counseling system in which 15 to 20 students are assigned to a particular teacher who has to counsel a student in a systematic way.
- Counsellor maintains a progress report of each student. Progress report contains all personal, academic, curricular and other details of the student.
- A student who is assigned to a particular counselor in the first semester continues to receive counseling from the same counselor till the student completes the programme.
- Information about the student performance is sent to parents through SMS/by making phone calls/E mails.
- Institute regularly organizes Parents-Teachers Meet where parents can interact with counselors and course teachers about their ward’s performance.

5. Evidence of Success

- Student’s attendance has improved after counseling by the counselors.
- The direct communications between counselor and students have improved the teacher-student relationship.
- Academic performances of the students have improved.

- Participation in co-curricular and extra-curricular activities has been enhanced as counselor guides the student about these activities.
- Parent-institution relationship is strengthened and the parents are happy with this practice.
- Students become more disciplined.

6. Problems Encountered and Resources Required.

- Whenever there is a staff turnover, training for the new staff to the existing system and effective implementation is a real challenge. In view of this, the newly joined faculty members who are not accustomed with this program are trained by the institute to take up student counseling work.
- Parents find difficulty to get information about their wards and contact details of the counselor, when the student counselor changes because of staff turnover.
- HODs encounter with problems to allocate the counselor for year back students.
- Apart from regular workload, allocating sufficient time for one to one student interaction becomes difficult task for the faculty members.
