Congratulations!! Your team has been shortlisted for e-Yantra Robotics Competition (eYRC 2019-20).

Please visit http://portal.e-yantra.org/ and login to check your assigned Theme details.

Task 0 will be released very soon, stay tuned for all the relevant details that will be communicated to you via e-Yantra Portal.

You will also receive a Piazza discussion forum link on your registered email ID wherein you can post your technical queries. This will be the only form of communication thereafter, until specified otherwise.

Keep visiting the portal for future updates.

best regards,
e-Yantra Team

ABOUT NCET

Nagarjuna College of Engineering and Technology (NCET) is synonymous with excellence in higher education and was established in 2001, under the aegis of Nagarjuna Education Society Bengaluru, founded by Shri J V Ranga Raju, Director of NCC Limited. NCET is an autonomous institution with NAAC A grade, under Visvesvaraya Technological University (VTU) Belagavi and four branches are accredited by NBA (Civil/ME/ECE/ISE). NCET is built on a sprawling lush green campus, spread over 150 acres in a rapidly transforming semi-urban landscape, near Bengaluru International Airport and the mesmerizing beauty of the campus never fades as the ever-widening horizon, perfectly captures the spectacular rays of rising sun every day

NCET is a research-focused and student-centric institution offering a full range of academic programs at the undergraduate, postgraduate, and doctoral levels. It comprises independent academic wings, sophisticated labs, spacious hostel blocks, ultra-modern sports facilities, spacious multi-cuisine canteen, well-stacked library, an auditorium, conference rooms, and smart classrooms. NCET has profoundly aspired to become internationally recognized for high-end research and creative endeavours, through harnessing new insights and expanding the boundaries of human excellence and creativity. NCET has committed to serve the society through value-based education to cater to the needs of India and beyond.

ABOUT SIP

The induction program for newly admitted students was conducted in line with the AICTE induction program policy. The induction program used to conduct every year for the first year- first semester & second semester as per VTU guidelines by the trained faculties.

The objective of the Induction program was to demystify the expectation of students from the intermediate level and to provide an adequate foundation in the applied science subjects, UHV and English, which is limited to moderate level so that students do not face any problems when the regular class commences.

The SIP was planned to keep in view the overall personality development which includes soft skills, sports and cultural activities. The students were given insights about Universal Human Values apart from other co-curricular and extra-curricular activities. During this program students comes out of their hesitation and it will be the best platform for the students to interact with faculty members and to build strong relationship with them.

The objectives of the SIP

- Make the students feel comfortable in the new environment.

- Allow them to explore their academic interests and activities.

- Reduce competition and make them work for excellence.

- Build a strong relationship between teachers and students.

- Give a broader view of life.

- Build a character.

DAY 1

Chief guest and keynote session speaker's profile

Session 1
19/01/2021
Dr. Kalidindi N. Satyanarayana

Dr. Kalidindi N. Satyanarayana is currently the Director of IIT Tirupati, Andhra Pradesh. He has been a Professor in the Building Technology & Construction Management Division of the Department of Civil Engineering at the Indian Institute of Technology Madras, Chennai, India. He received his B.Tech degree in Civil Engineering from IIT Madras. He then received MS and PhD degrees with specialization in Construction Engineering and Management from Clemson University, USA. He has been a faculty member at IIT Madras since 1991. In 2009 he was a Visiting Professor at Iowa State University, USA. His teaching, research and consulting interests are in the areas of project management, construction contracts, construction productivity, construction equipment, C&D waste management and public private partnerships. He has published extensively in these areas. He is the recipient of many academic awards including the PMI (India) Distinguished Scholar Award (2011).

At IIT Madras he served as Advisor - Alumni Affairs (2004-2009) and Chairman - Engineering Unit (2010-2013). He is currently Chairman of the Implementation Committee for IIT Madras Research Park - Phase II (one million sq.ft. facility). He has served on the committees for setting up new campuses including - IIM Trichy, IIT Indore and IIT Jodhpur.

He is Chairman of the Academic Advisory Group, Project Management Institute (PMI) India; Vice-Chairman, Board of Advisors of The Glass Academy; Expert Member on the Board of Management of Building Materials & Promotion Council (BMTPC), and serves as Independent Director on five company boards.

He addressed the students that Engineers don't sit back and watch – they make things happen. Using innovation, creativity and a wealth of knowledge, engineering graduates are impacting the world unlike any other. The world is changing, and engineers are the ones behind so much of this development. The majority of today's services and products had some element of engineering involved in their conception at least, fulfilling and healthy lives for the people influenced by

them. Engineers must be critical yet creative; curious yet capable; as well as ready to handle the constantly changing world. The wide range of disciplines that fall under the engineering title mean that no matter what the prospective student's interest, there's bound to be one facet of the sector they'll find enticing and engaging. Whether its civil, electrical, chemical or mechanical engineering, if you like tinkering, creating, designing or building, the engineering sector has a place for you. Students are motivated by his speech and clearing their doubts by asking questions, students were enjoyed the session.
